About Me

After working in marketing for a some time, I realized that I wanted to be directly involved in product creation.

My main **career goals** are to find an entry-level web developer job, gain dev experience, learn from professionals, get to understand the IT eld and to contribute to building top-notch websites.

Sources I use to improve my skills: CodeWars, MDNWebDocs, W3schools.com, Stackoverflow.com, Freecodecamp.org, educative.io/blog.
